

Dear caring Minnesotan,

Abortion advocates have won a narrow majority in the Minnesota legislature. Now some state lawmakers want to pass bills that would:

- Create a new law (or constitutional amendment) **allowing the abortion of any unborn baby, for any reason and done any time until birth;**
- Establish that Minnesota law **gives parents no right at all** to know if their minor daughter is undergoing an abortion, even though parental consent is required for all other medical procedures;
- Establish in law a requirement that even those with deeply held pro-life convictions **must pay for the killing of the unborn** with their tax dollars

Only 7 countries in the world have an abortion law so extreme, among them China and North Korea.

**Please help stop this evil from happening in Minnesota by filling out and mailing the attached cards to your state Senator and Representative.** It is vitally important that Minnesotans mail their legislators, even if you believe you know how they will vote.

Dear Senator,

Minnesota already has one of the most extreme abortion policies in the world. Courts previously blocked a compassionate Minnesota law protecting babies old enough to live outside the womb, and this past summer a court took away parents' right to know if their minor daughter is undergoing an abortion, even though they have that right for any other medical procedure.

You were elected to protect Minnesotans. That should include protecting babies old enough to live outside the womb and to feel pain, and it should include protecting the rights of parents. **Please vote NO on any bills that would formalize the killing of innocent unborn babies in state statute or our state Constitution.** Thank you.
